The aim of this workshop is to provide parishes with the resources to celebrate the "*Liturgy of Hope - Together We can Share the Light*". This liturgy is scheduled to be prayed in Churches across the diocese on the night of **December 3rd, 2009** at 8:00 p.m.

Participants will come away from the preparation night with a full resource pack for the liturgy. They will also have experienced the liturgy itself. Time will be given on the night to explore the liturgy and to highlight the many choices and adaptations that can be made locally by parishes.

In order to help organize the night and to ensure that enough material is available for participants **it is essential that parishes book their places in advance.** We suggest 2-3 people from the organizing group in the parish attend.
