

How do we feel after listening to what Bishop Denis had to say?

What do we think was the most important thing that he said?

What about the three things that he asked me to make time for? Can I do that? Do I want to?

Am I prepared to do the best I can to make time to:

- **Pray**
- **Serve:** Being an active member of my parish and being at Mass every weekend
- **Give:** Giving to others

Will my family support me in trying to do these three things?
